THIRD INFORMAL PLEIN AIR PAINT OUT at: Rouge River Park at the Toronto Zoo Area THURSDAY SEPTEMBER 23rd 10:00 am

This location is within the zoo boundary but completely separate from the formal zoo operations, but the precise location does have a parkette sign ROUGE PARK. It is accessed only by car from Old Finch Ave, as shown in the plan below with red circle.

This is getting us into nature, uneven trails along side and through the forest, parking your car in the dirt parking lot, no fees, and no washrooms. So let's plan this as a 2 hour session, after which we can meet at 12 noon back in the parking lot to share views of our paintings and get a group shot.

Here are the landmarks as you arrive to the Rouge River single lane bridge, and once you cross it

Look for the Rouge Park sign to the parking lot.

I can tell you right now that I will be walking along the river upstream from the bridge, or likely in it, so that I set up my tripod mid stream at the bend to catch the early sun against the colourful tree lined river bank (red circle). The other place I painted is via an established trail over to the gravel river bank (blue circle).

My cell is 416-708-6782 if you get lost or just want to check in.
If you text me, please identify who you are. See you there!

Doug Geldart, President, TWS
